

Guide for User Administrators

Document version: 3 September 2026

The user administrator can:

- Add and remove users on their own licence.
- Nominate other colleagues to be a user administrator

If you are unsure who is the administrator for your organisation then please contact Digimap Ltd at info@digimap.gg or tel.01481 700321 (Guernsey) and tel. 01534 769069 (Jersey).

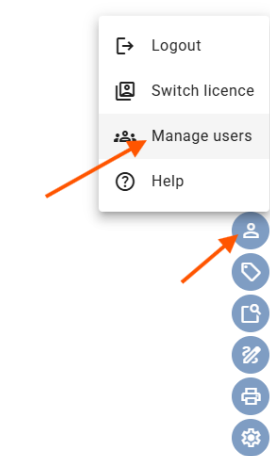

How to amend your licence for Address Locator and Advocates Tool

For the Guernsey edition go to <https://al4.digimap.gg>

For the Jersey edition go to <https://al4.digimap.je>

For Advocates Tool go to <https://advocates.digimap.gg>

After you have logged in, go to the Manage users function, as follows:

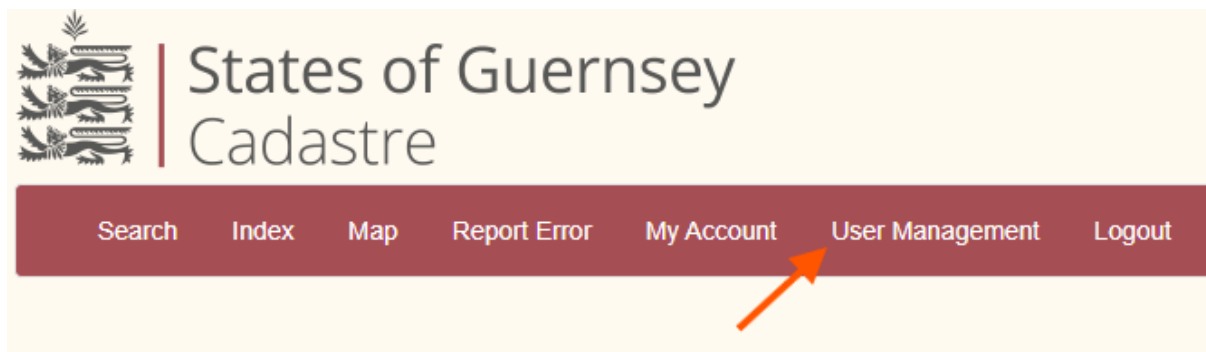

Skip ahead to [Select the licence you need to change](#)

How to amend your organisation's licence - Cadastre Online

Go to <https://cadastreonline.digimap.gg/search>

Login and go to the User Management function as follows.

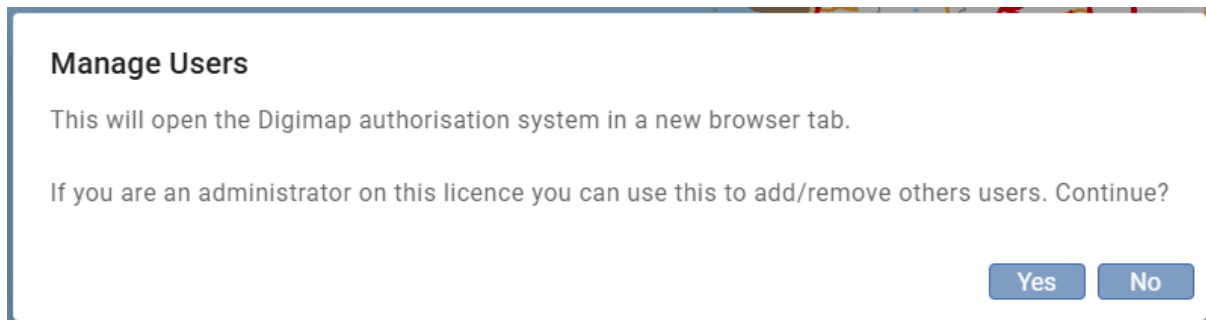

and click 'Manage Users' on the following screen.

Follow the instructions in the section below

Select the licence you need to change

This window will pop-up, click Yes:

The system will show your licences, click on the licence you want to change.

Click on 'Users' to display who is currently licensed to use the application.

Add colleagues to a licence

In the example below, there is just one user, who is the administrator.

ABC Estates - CadastreOnline		
View	Users	
	Email	Role
	nick.whalley@testcompany.gg	Administrator 
		

Click '+' at the bottom of the list

In the next dialogue box, provide an email address and specify whether the person will be an administrator or user, then click OK.

Add user

Role

OK

Cancel

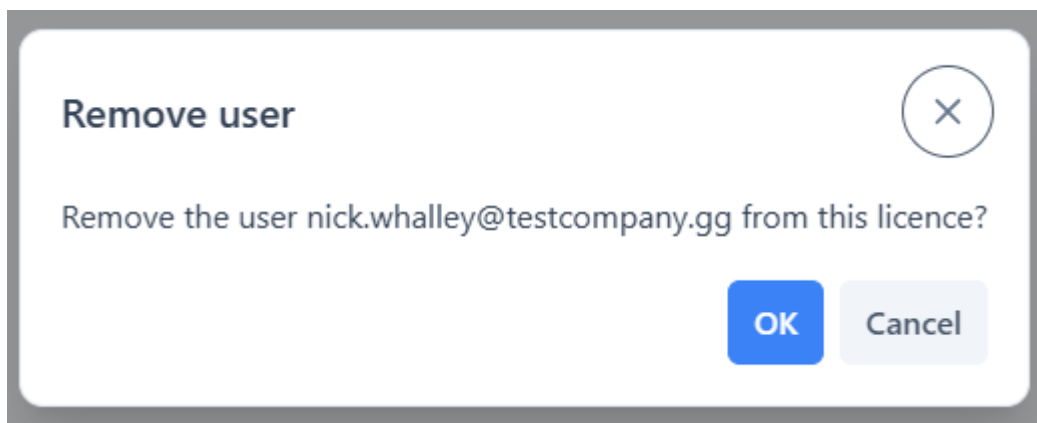

The new user will need to be told they have a licence and asked to login. If they have not used the Digimap authorisation system before then they will need to set their password by choosing the 'Forgot password' option and following the instructions on-screen.

Remove colleagues from a licence

To remove a user from a licence, pick the appropriate Licence, go to the Users screen and click the bin icon alongside their name.

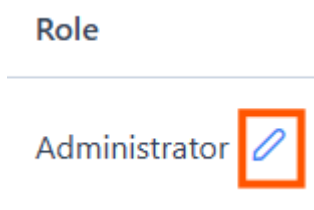

You will be asked to confirm your choice.

Amend a colleague's role

To change a standard user into an administrator, or vice versa, pick the appropriate licence. From within the Users screen, locate the name of the colleague you wish to change, click the pen icon next to their name and pick the new role from the drop-down menu.

Instructions for Users

To use the system (eg Cadastre Online) your email must be given permission by the user administrator for your organisation. Please contact Digimap on tel. 01481 700321 if you are unsure who that is.

You then need to set your password, by following the instructions below.

Setting or changing your password

Before starting, please ensure that you have access to your email.

Go to the Cadastre Online website at <https://cadastreonline.digimap.gg/Search>

The system will automatically redirect you to <https://auth.digimap.gg>.

Choose 'Forgot password'

digimap Home Login

Password

Login Register [Forgot password](#)

If you do not yet have an email login set up, but have a username and password instead, please [register for a new account](#) and then follow the instructions after registration to gain access to your products.

At the login screen, click 'Forgot Password'

nick.whalley@testcompany.gg

Password

Invalid input

Login Register **[Forgot password](#)**

The next screen will ask for confirmation of the email address. If it is correct, then click 'Send'.

Send a password reset email to the following address, if an account exists:

Send

A password reset link will be emailed to that address. Click the link within the email to provide and confirm a new password.

Suggest password **Reset**

The system will provide feedback on the password strength.

Strong

Suggest password **Reset**

To apply the new password, click Reset.

After you have set your new password, you will be redirected back to Cadastre Online.

The next time you use Cadastre Online please go to the usual website at <https://cadastreonline.digimap.gg/>.

If you are asked to login, enter your email address and the password that you set up in this process.
